Greetings All!

I'm heading out to Alaska tomorrow, and will be without email access most of the day. Since I haven't heard from anyone, I went ahead and typed up the draft agenda so maybe it can be shared with Council tomorrow and we'll definitely have copies with us Thursday morning. Four of us from EPA will be coming out (Rick, Jamey, Cindy, and Katherine), so please let us know about lunch so we'll know what to bring. Keith Cohon, Assistant EPA Regional Counsel, and JR Herbst, EPA

R10 Tribal Consultation Specialist, will be joining us by phone.

 Arrival Confirmed

Hi Everyone!

We've confirmed our flights out leaving Anchorage at 10:00am and back leaving Tyonek at 4:30pm. We've also added Cindy Godsey, Alaska Mining Coordinator, to the list of EPA attendees. As Rob and I discussed today, this timeframe should allow plenty of room for arrival, coffee, meeting, lunch break, more meeting, a tour of the community, maybe another activity, and departure. Rob and I will be working on logistics and the detailed agenda next week.

I just wish we were coming out today! Hope the Culture Camp this weekend is great!

Katherine

Hi Everyone!

We're on for a government-to-government consultation leadership meeting, Thursday August 11th at 10:00am. We'll be in touch later this week about meeting logistics, and whether there might be any other activities to try to build into our visit to Tyonek. The summary that follows is based on my notes from our group discussion yesterday.

The purposes of this meeting are: 1) to improve the Native Village of Tyonek's understanding of EPA and Clean Water Act roles in the permitting process; and 2) to improve EPA's understanding of the Native Village of Tyonek's views and concerns about the proposed Chuitna Project. Meeting agenda topics will include:

- Introductions;
- Goals and expectations;
- EPA Consultation Policy and Procedures;
- EPA roles and responsibilities;
- Clean Water Act implementation and oversight;
- NVT questions and concerns;
- EPA resources available to assist tribe;
- Possible MOA between EPA and NVT;
- Identification of next steps.

Frank Standifer, III, President will represent the Native Village of Tyonek, and Rick Parkin, Acting Alaska Operations Office Director will represent EPA at this leadership meeting.

The Native Village of Tyonek Council, Julia Shanagin, Tribal Administrator, and the following people will participate in this meeting. Jamey Stoddard, Project Manager, is EPA's Chuitna Project Lead and technical point of contact for this consultation. Harriet Kaufman, Environmental Coordinator, is the Native Village of Tyonek's Environmental Program Manager and technical point of contact for this consultation, Jessica Standifer is the Environmental Assistant. For planning and facilitation purposes, Rob Rosenfeld, NVT Policy Advisor (consultant) is serving as the primary point of contact for the Native

Village of Tyonek, and Katherine Brown, Tribal Coordinator and Tribal Specialist, is serving as the primary point of contact for EPA. Heather Kendall Miller, NVT Counsel (consultant), Tami Fordham, Alaska Resource Extraction Tribal Policy Advisor, and Keith Cohon, EPA R10 Assistant Regional Counsel, may also attend.

Please let me know if I missed anything. Thanks!

Katherine

Subject: August 11th confirmed with advisors present

To Katherine, Jamey, and Tami:

President Standifer, Harriet and I just spoke on the phone regarding the August 11th meeting.

The decision has been made to invite Heather Kendall - Miller with the Native American Rights Fund to be at the Government to Government meeting on August 11th. As noted in the conference call Heather will be advising the NVT - IRA Council throughout the permitting process.

It would be ideal if this meeting can still occur on August 11th, despite the above decision. The next available time will be in early October.

Best wishes

Rob

Greetings Everyone!

I'm writing to confirm that Jamey Stoddard (EPA's Chuitna Project Manager), Tami Fordham (EPA's Alaska Tribal Resource Extraction Policy Advisor), and myself (EPA's Tribal Coordinator for Southcentral Alaska and Tribal Specialist for the Office of Ecosystems, Tribal, and Public Affairs) are all available for a short teleconference next Tuesday July 26 at 12:00 noon Alaska time.

The purpose of the call is to discuss goals and expectations for government-to-government consultation between EPA and the Native Village of Tyonek on the proposed Chuitna Coal Project. Another thing we need to do, that should help streamline the process, is to establish who will serve as primary points for EPA and the Native Village of Tyonek in future planning for this consultation.
